

Suitable for Gill Maximet using MET-LINK – pole, photography & tripod attachment

Datasheet

MET-LINK-Stand

Gill Maximet attachment accessory

Observer's MET-LINK-Stand is the ultimate accessory to attach the MET-LINK wireless interface for the Gill Maximet line of weather sensors.

The MET-LINK-Stand quick deployment & versatile features include:

- Easy pole attachment
- Photography & tripod attachment

The MET-LINK-Stand applications and uses are for:

- Quick & remote deployments
- Portable accurate weather readings
- Fire fighting
- Tactical / defence
- Civil works and safety
- Wind related sports

Simple to operate, the stand allows the user to easily charge the MET-LINK product and it has strong supports to face heavy wind conditions.

Welcome to the world of Observator

Solutions beyond expectations. That's what sets Observator apart. We believe in taking the extra step. Retaining our competitive edge, through innovation and uncompromised support, are key to success. As an ISO 9001:2015 certified company, we apply the highest quality standards to our products and systems.

Since 1924 Observator has evolved to be a trend-setting developer and supplier in a wide variety of industries. From instruments for meteorological and hydrological solutions, air and climate technology, to high precision mechanical production, window wipers and sunscreens for shipping and inland applications.

Solutions beyond expectations

Originating from the Netherlands, Observator has grown into an internationally oriented company with a worldwide distribution network and offices in Australia, Germany, the Netherlands, Singapore and the United Kingdom.
